## Corrigendum Notification with some new instructions

In reference to our earlier notification with regard to document verification of the new comers 1st Semester students (admitted for 2021-2021 Academic year) it is further stated that the verification process will continue until a further notification made in this regard instead of 15 December (15/12/2020).

The student will have to provide scanned Pdf copies of their original and authentic documents to the teachers in a single Pdf file. The College Authority may ask any or all the students to produce original and authentic documents after normal class work being started and any discrepancy in the documents if found, the admission of the concerned candidate/ candidates will be cancelled. The students also need to fill in a declaration form to that effect on their part and to send to the concerned teachers with those of their Pdf documents. The declaration form is given in the website.
