Notice

As per notification dtd. 05/04/21 for starting On Line classes, following I C's notification in this regard, the On line classes for the even semesters have been started. It is reported that classes are not being held properly and consistently in some departments like Bengali and History. I request all the teachers to take their on line classes seriously.

The departments which have not been able to prepare any routine-schedules, are directed to follow their previous allotment in subjects and course papers.
